Following publication of the original article [1], the author flagged that the article had published with an error in one of the equations (Eq. 46), in addition to a few minor formatting errors (concerning spacing and parentheses).

The error regarding the equation was that 'E' was missing from the beginning of the equation.

Please see the corrected equation here for reference:

$$\mathrm{E}\left[\hat{Y}^2\right] = a^2 + \frac{\mathrm{N}_0}{2}, \tag{46}$$

The errors have now all been corrected in the published article.
